

# VACANCY

**NAMIB POULTRY**

BECAUSE YOU DESERVE BETTER

## **AMMONIA REFRIGERATION TECHNICIAN** **PROCESSING PLANT / MAINTENANCE**

Namib Poultry (Pty) Ltd is a fully integrated broiler production operation established in 2012 and situated 30 km north of Windhoek on the B1 Highway on the farm Klein Okapuka.

Namib Poultry (Pty) Ltd is an equal opportunity employer with the following vacancy available at our state-of-the-art Processing Plant. Interested and suitably qualified candidates as well as candidates from the designated groups are invited to apply.

### **PRIMARY PURPOSE OF THE POSITION**

To perform general day to day tasks associated with the department.

### **KEY FUNCTIONS AND RESPONSIBILITIES**

- Refrigeration Plant Room operation and maintenance in accordance with regulations; SANS 10147.
- Maintain plant and equipment in accordance with Company policies and manufacturer's requirements and service recommendations.
- Utilize technical expertise by being alert to potential mechanical problems and ensuring effective communication between Production and Maintenance departments.
- Maintain efficient operating limits and correct settings for the design of the Refrigeration Plant and immediately investigate any variations from the standard settings.
- Be available, or plan in case of absence for a 24 hour stand-by responsible person on ammonia refrigeration at all times. Willing to work every 2<sup>nd</sup> week-end and on Public Holidays as Refrigeration Duty Officer to monitor the operating conditions and conduct required cold room defrosts.
- Plant Upkeep and Housekeeping. Perform daily, weekly, monthly and annual checks as per the required checklists, take any necessary action resulting from these checklists to ensure plant and equipment operate at optimum efficiency and capacity at all times.
- Daily inspection of Plant Room, Freezers, Chillers and refrigeration equipment. (Report all defects to Maintenance Manager.) Update all daily, weekly and monthly check sheets. Determine the Breakdown and Repair requirements and report findings to Maintenance Manager.
- Ensure the Certification of Temperature Recording and Testing Instruments.

### **MINIMUM QUALIFICATION AND EXPERIENCE**

- Grade 12 (NQF 4).
- Trade tested Ammonia Refrigeration Artisan.
- Minimum 5 years' experience as an Ammonia Refrigeration Technician in the FMCG industry.
- Proficient in English, being bilingual will be advantageous.
- Namibian citizen or eligible to become a Namibian citizen.
- Must be able to work day/night shifts, weekends, overtime and on public holidays.
- Valid Code B driver's license & own reliable transport.

The company offers a competitive salary and market related employee benefits. Candidates who qualify for above position, should send a short CV to the HR department.
