## ABOUT US

Namib Poultry Industries (Pty) Ltd is a proudly Namibian company, which started its operations in November 2011. The plant is situated on the Klein Okapuka Farm, about 30 kilometres outside of Windhoek. Operations consist of a breeding section made up of three rearing sites and six laying sites, a hatchery, seven broiler sites with five houses each, and an abattoir, totalling more than 110 000 m<sup>2</sup>. Our six depots, strategically located across Namibia in Windhoek, Katima Mulilo, Otavi, Ondangwa, Keetmanshoop and Walvis Bay, enable us to meet our customers' needs.

## MISSION

To be the chicken supplier of choice.

## VISION

Providing excellent chicken products to Namibia.

## DISTRIBUTION

With 5 routes of distribution nationwide, we ensure that our depots in Keetmanshoop, Otavi, Ondangwa, Katima Mulilo and Walvis Bay supply you with only the freshest Namibian chicken. Our distribution channel ensures that our products are accessible to our consumers. With delivery every 48 hours, we ensure that only the freshest Namibian chicken reaches you through our numerous registered outlets.

## QUALITY OVER PRICE

Mass-producing fresh quality chicken requires great financial maintenance. Our prices reflect the capital input that goes into the production process. By doing this we ensure that only the freshest quality chicken is produced, thereby placing quality over price, simply because you deserve better! As the first local supplier of fresh Namibian chicken, we continually strive to meet current demand. With an expected increase in per capita consumption of our products, we aim to deliver more quality chicken, one hatchling at a time.

# REALGOOD CHICKEN

RealGood is a proudly Namibian range of chicken products, bringing families and friends together, stimulating local businesses and uplifting communities.

NAMIBIA'S FIRST  
FRESH CHICKEN

# NAM CHICKEN

A true first for Namibia, Nam Chicken is really fresh! Until recently, most of Namibia's fresh chicken was imported, and even when advertised as 'fresh chicken' it took a number of days to get to your table. Nam Chicken is different, because the farm is in Namibia. The time it takes for the chicken to get to you is much shorter, so when we say it's fresh, you can be sure, it's truly fresh.

## Braai Pack 8 Piece - 5002

| WEIGHT | UNIT          | BALER          |
